S P SAI KRISHNA REDDY

Frontend Developer | React.js Developer | Aspiring Full Stack Developer

Hyderabad | +91 7097917628 | spskrishna1999@gmail.com | https://spskr-portfolio.netlify.app

SUMMARY

Frontend Developer with 4+ years of experience in building responsive and scalable web applications using React.js, JavaScript, HTML5, and CSS3. Skilled in developing reusable UI components, API integration, and creating user-friendly interfaces. Currently expanding expertise in Full Stack Development with Node.js, Express.js, MongoDB, and REST APIs. Passionate about building modern, high-performance web applications and continuously learning new technologies.

TECHNICAL SKILLS

Frontend :	HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS, Material UI, SASS, Responsive Web Design, Flexbox & CSS Grid
Backend(Learning) :	Node.js, Express.js, REST APIs, API Integration, Authentication Basics
Database(Learning) :	MongoDB, MySQL
Tools & Platforms :	Git, GitHub, Bitbucket, VS Code, Postman, Axios, npm
Design & UI Tools :	Figma, Canva, Adobe XD
Concepts :	Component-Based Architecture, Reusable UI Development, Responsive Design, Cross-Browser Compatibility, API Handling, State Management, Agile Methodology, Clean Code Practices

WORK EXPERIENCE

Frontend Developer | React.js Developer

March 2025 - Present

Alif InfoTech - Hyderabad

- Developed enterprise web applications for AMS and WMS platforms.
- Built responsive frontend modules using React.js and JavaScript.
- Integrated REST APIs and handled dynamic data rendering.
- Worked on reusable component architecture for scalable development.
- Developed dashboards, forms, reports, and large data tables.
- Collaborated with backend teams for API integration and feature implementation.
- Improved UI performance and application usability.
- Maintained code quality using Git-based workflows and Agile practices.

Web Designer / Frontend Developer

Oct 2024 – Feb 2025

Royal IT Park Services - Hyderabad

- Designed and developed responsive business and eCommerce websites.
- Converted Figma designs into production-ready responsive web pages.
- Implemented product listing, cart, and checkout user interfaces.
- Developed mobile-first layouts for better device compatibility.
- Coordinated with backend developers for feature integration.
- Improved visual hierarchy and user experience across projects.

Frontend Developer

June 2022 – Sep 2024

VS Technosolutions - Hyderabad

- Developed responsive web applications using HTML5, CSS3, JavaScript, and Bootstrap.
- Built reusable UI components, forms, dashboards, and admin panels.
- Integrated APIs and ensured proper frontend-backend communication.
- Maintained cross-browser compatibility and responsive layouts.
- Improved design consistency through standardized UI structures.
- Worked closely with development teams to deliver scalable applications.

PROJECTS

MAHAL – B2B Web Platform (Ongoing | React.js Project)

Tech Stack: React.js, JavaScript, REST APIs, Bootstrap

- Developed scalable and reusable React.js components.
- Implemented routing and component-based architecture.
- Integrated REST APIs using Axios.
- Built responsive dashboards, forms, and reports.
- Optimized rendering performance and reduced unnecessary re-renders.
- Designed user-friendly navigation and clean UI layouts.

AMS – Asset Management System

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap

- Developed responsive UI modules for asset tracking workflows.
- Built dashboards, tables, forms, and reporting modules.
- Implemented pagination, filtering, and search functionalities.
- Ensured consistent design system and responsive layouts

WMS – Warehouse Management System

Tech Stack: HTML5, CSS3, JavaScript, Bootstrap

- Developed inventory and warehouse management UI modules.
- Built reusable table and form components.
- Implemented responsive layouts for operational workflows.
- Improved usability and visual consistency across modules.

UI SPECIALIZATION

- Pixel-Perfect UI Implementation
- Responsive Web Design (Mobile-First)
- Design Consistency & Visual Hierarchy
- Reusable Component Architecture
- Figma to Production UI Conversion

EDUCATION

B.Tech – Civil Engineering

June 2018 – April 2022

SCSVMV University, Kanchipuram, Tamil Nadu

- CGPA: 9.0 / 10

CAREER OBJECTIVE

To work in a growth-oriented organization where I can leverage my frontend development expertise, expand my full stack development skills, and contribute to building scalable, high-performance web applications while continuously learning new technologies.
